Green Schools

This month the children are learning about Biodiversity. The children are going on nature walks of the school grounds to learn about the habitats around the school, such as the log pile, bug hotel, bat boxes, bird houses, trees and hedges.

We remind parents to send in waste free lunches if possible.

NO Idling Campaign- the Greens Schools Committee members are asking parents/ or those collecting at 2pm/ 3pm to please turn off their engines when waiting for their child/children to come to the car. In this way we can keep the air around the school clean.

Spring Clean- We are holding our annual Spring Clean during the last week of March. We hope to pick up litter inside and outside the school grounds.
